Pacemakers: future directions, 379
venous complications after insertion of transvenous, 258
Pancreatic cancer: increasing incidence among women in Olmsted County, Minnesota, 839
Pancreatic cancer in 1992: has any progress been noted? (editorial), 907
Pancreatic pseudocyst that compressed inferior vena cava and resulted in edema of lower extremities, 1085
Papillary muscle rupture: mitral valve operation in postinfarction, 1023
Paragangliomas: results of radiotherapy for, 537
Paraneoplastic autoimmunity: possible association with neuronal-type calcium channels in small-cell lung carcinoma, 1150
Parasitic infections: antimicrobial agents for treatment of, 276
Parathyroid hormone-related peptide: clinical performance of immunometric assays, 637

Pathology of cardiac transplantation: recipient hearts (chronic heart failure) and donor hearts (acute and chronic rejection), 685
Pathology of surgically excised primary cardiac tumors, 957
Patient-controlled analgesia: comparison of epidural infusion of fentanyl and intravenous administration of morphine by, 1031
Pediatric patients: antibiotic therapy for severe infections in, 59
total parenteral nutrition in, 671
Penicillins (66:1047-1063, 1991)—correction, 36
Percutaneous endoscopic gastrostomy: predictors of outcome after, 1042
Percutaneous transluminal coronary angioplasty and changing indications for coronary artery bypass grafting for single-vessel coronary artery disease, 317
editorial, 389
Pericardial disease (letter to the editor), 201
Pericardial effusion: occult cardiac tamponade detected by transesophageal echocardiography, 667
Perioperative prophylaxis: use of antimicrobial agents in adult patients, 288
Peripheral neuropathy: axons in *p*-bromophenylacetylurea-induced, 341
Pharmacotherapy: for obsessive compulsive disorder, 266
Physician payment reform: survival manual for physicians, 385
letter to the editor, 913
Pitfalls of "bench surgery" and autotransplantation for renal cell carcinoma, 621
editorial, 701
Pituitary adenoma: and breast carcinoma, 949
Pituitary-adrenal axis: suppression of serum cortisol concentrations by megestrol acetate, 1160
Pituitary gland in hyperthyroidism, 22
Pituitary gland in patients with breast carcinoma: histologic and immunocytochemical study of 125 cases, 949
editorial, 1011
Policy changes: another step forward (editorial), 396
Population studies: pancreatic cancer among women in Olmsted County, Minnesota, 839
predictors of outcome after percutaneous endoscopic gastrostomy, 1042
Reye's syndrome in Olmsted County, Minnesota, 871
Potential role for endothelin in congestive heart failure (editorial), 801
Predictors of outcome after percutaneous endoscopic gastrostomy: community-based study, 1042
editorial, 1115
Pregnancy: colonic cancer during, 1180
gestational diabetes mellitus, 995
Primary malignant ependymoma of lung, 373
Problems associated with Medicare (letter to the editor), 913
Prognostic features in patients with congestive heart failure and selection criteria for cardiac transplantation, 485
Prolactin: histologic and immunocytochemical study of pituitary gland in patients with breast carcinoma, 949
Prolactin and carcinoma of breast (editorial), 1011
Prophylactic recommendations for bite wounds (letter to the editor), 502
Prophylactic use of antimicrobial agents in adult patients, 288
letter to the editor, 502
Prophylaxis: prevention of cytomegalovirus infection after renal transplantation, 879
prevention of infection after cardiac transplantation, 676
prevention of thromboembolism associated with hip and knee arthroplasty, 861
use of antimicrobial agents in adults, 288
Prospective randomized comparison of epidural infusion of fentanyl and intravenous administration of morphine by patient-controlled analgesia after radical retropubic prostatectomy, 1031
editorial, 1112
Prostate: antigen—increased concentration in absence of malignant disease, 249
comparison of continuous infusion and patient-controlled intravenous administration for analgesia after radical retropubic prostatectomy, 1031
transurethral microwave thermotherapy for prostatism, 417
Prosthetic urinary bladder—why not? (editorial), 293
Pseudoaneurysm: complicating surgical accessory pathway interruption for Wolff-Parkinson-White syndrome, 663
Pseudomembranous colitis: myxedema megacolon with features of, 369
Pseudotumors: detection of migratory silicone with use of magnetic resonance imaging, 891
Pulmonary disease: bronchioloalveolar carcinoma and adenocarcinoma, 27
bronchoalveolar lavage for diagnosis in immunocompromised hosts, 221
embolism—associated with hip and knee arthroplasty, 861
fibrosis—immunofluorescent staining for mast cells in idiopathic, 941
locally recurrent non-small-cell lung cancer after complete surgical resection, 1129
